

1) Login the website and choose the BTC market or ETH market for start trading.

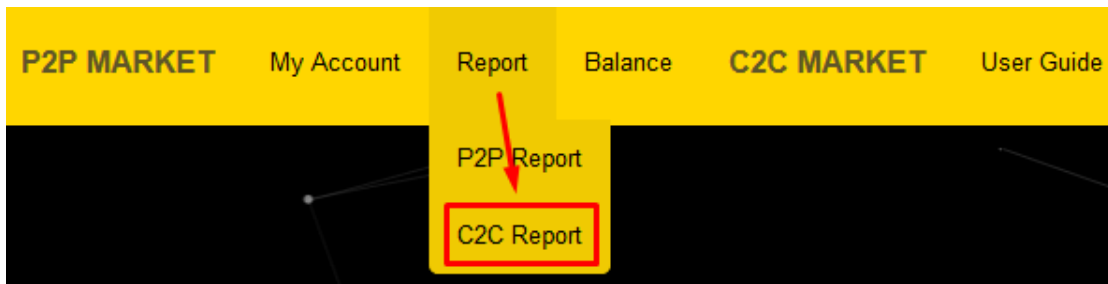

2) Choose to pending orders to start BUY or SELL.

The screenshot shows the trading interface with two columns for buying and selling. The left column is for buying BTC-LTC and the right column is for selling LTC-BTC. Both columns have input fields for Buy Price, Buy Quantity, Total Amount, and Security Password. Below the input fields are buttons for 'Buy (BTC-LTC)' and 'Sell (LTC-BTC)'. A red box highlights the 'Buy (BTC-LTC)' button with the text 'Click to BUY' and the 'Sell (LTC-BTC)' button with the text 'Click to SELL'. Below the buttons is the text 'Select the pending orders from the market' with a red arrow pointing to the 'Market Pending' table.
